UNIVERSITY OF ŽILINA FACULTY OF MANAGEMENT SCIENCE AND INFORMATICS

Faculty of Management Science and Informatics offers the study in all three levels programmes of study (Bachelor, Master and Doctoral). All programmes are officially approved by the Accreditation Commission of the Slovak Republic. The programmes are interdisciplinary; they were conceived and created based on many years of the Faculty's successful research and educational tradition. Detailed descriptions of these programmes is performed in following text. The Faculty offers study programmes in three main fields: **Informatics, Computer Engineering, Management**. At the present, there are near 7,500 students at the University of Žilina, including about 1,400 students at the Faculty of Management Science and Informatics in the academic year 2022/23.

Activities of the Faculty are determined by new trends of information and communication technology development, where the high priority task is to insure the continual interconnection between research, education and acceptance of postgraduates in the praxis. The main education and professional activities lie with fields as design and realization of technical tools for information and control systems, analysis, synthesis and design of integrated information and control systems, management, marketing, logistics, entrepreneurship, activity of transportation and communication systems, control and optimization of goods and passenger transport, control and optimization of databases design and their transmission and data processing, problematic of multimedia information systems and graphic information systems, simulation mediums for communication networks and systems and mathematical modelling.

During its existence, the Faculty of Management Science and Informatics, as both a research and teaching institution, became a worthy equal partner to similar faculties not just in Slovakia, but in other countries as well. Earning this reputation was a long and strenuous process; but now the scientific and academic staffs of the Faculty, as well as their graduates, have achieved a well-deserved position in the world-wide academic community of informatics and management. For a long time, our graduates have experienced great interest from employers. According to an official statistics in 2022, our Faculty is ranked at 3rd place among the top 20 Slovak faculties, whose graduates were most in demand and it is the 1st place among faculties outside of Bratislava, the capital of Slovakia.
